Eligible candidates may register through the following google form link

<https://forms.gle/kv6zx94RCs2onUAm8>

Or by scan the QR code

Min./Max. Limit

20/100 participants may be allowed to register for the offline FDP.

Duration of FDP

The FDP duration is December 11–15, 2023. The FDP will be conducted in offline mode in campus as per RHTEQIS guidelines.

Important Date

Online registration should be made on or before **December 06, 2023.**

FDP Venue

Seminar Hall, Mahila Engineering College, Nasirabad Road, Makhupura, Ajmer, Rajasthan – 305002, Phone: 0145-2695535

About the Institute

Mahila Engineering College, Ajmer established in year 2007, holds the privilege of being the first engineering college of north India under government sector only for female candidates. The institute offers B. Tech., M. Tech., PhD, and MCA courses. Two of the programs CSE and ECE are NBA accredited.

About Ajmer

Ajmer is the heart of the royal state of Rajasthan and wrapped through the greens of Aravali hills. This city is a centre of culture and education. It has the most popular tomb of sufi saint Khwaja Moinuddin Chishti and Pushkar Teerth the sole abode of Lord Brahma. The city is surrounded by two natural lakes Anasagar and Foyasagar. Ajmer is the one of the biggest heritage tourism center of Rajasthan.

About the FDP

The FDP is designed to enhance the learning and research skills of the participants, to make them aware about emerging technologies, analytical tools and methodologies. It will provide an opportunity to acquire knowledge about current technological developments in relevant fields. It is an interdisciplinary programme covering all the aspects relevant to emerging technologies closely connected to our society.

Course Contents

The following topics are planned to cover in a broad way:

- Artificial Intelligence
- Augmented Reality/Virtual Reality
- AI in Healthcare/Medical Diagnosis
- Adaptive Learning
- High Performance Computing
- Immersive Classroom
- Learning Games and Simulation
- Machine Learning
- Massive Online Open Courses (MOOC)
- Mobile Learning
- National Education Policy (NEP) 2020
- Scope of Electric Vehicles
- Stress Management
- 5G Communication
- Wearable Technology
- Renewable and Green Energy
- Scope of 3D Printing
- Use of ICT in Education, etc.

Resource persons will be from IIT's, NIT's, National research institutes, State Universities and Industries.

All sessions will be in offline mode only.
