

An International Conference was organized in NITTTR Chandigarh. The Institute at Chandigarh is one of the four NITTTRs, started in collaboration with Royal Netherlands Government (upto 1974). It was designed to meet the requirements of developing polytechnic education in the northern region covering the states of Jammu and Kashmir, Himachal Pradesh, Punjab, Haryana, Rajasthan, Uttar Pradesh, Uttrakhand, Delhi and Union Territory of Chandigarh. The Institute is registered under the Societies Registration Act, 1860 and is managed by a Board of Governors.

The institute has been recognized as a 'Research Centre' by Panjab University, Chandigarh (in 2006) as well as by Punjab Technical University, Jalandhar (Punjab) (in 2005) for pursuing research work

The conference namely Electronic Design Innovation & Technologies (EDIT-2015) was organized on 27-& 28 April 2015. This conference was a opportunity to the academics and researchers to meet and share their contributions in related field and to exchange their innovative ideas and new research findings

Various topics on which academics and researchers shared their views and ideas are as follows

Digital signal Processing

Digital System Design

Digital communication

Optical fiber Communication Computer Networks

VLSI Design

Wireless & Mobile Communication

Embedded System Design

Image Processing

ANN & Fuzzy Logic

Antenna System

Soft Computing

Wireless Sensor Networks

Simulation and Modeling

I have submitted a paper on Performance Analysis & Simulation of decimator for multirate Application in the conference with paper ID -ID101

(UMASH KUMAR)
